# ICE GEL

## SUPER BREATHABLE GEL FOAM PILLOW

Our Ice Gel is made from a scentless super breathable gel foam that is 3000 times more breathable than conventional memory foam. The plush feel of the Ice Gel pillow also supports your head/neck and reduces pressure points while the Cooling cover keeps the temperature down while the ventilation holes keep the air flowing throughout the pillow, for an easy and breezy sleep.

WATER-EXPANDED

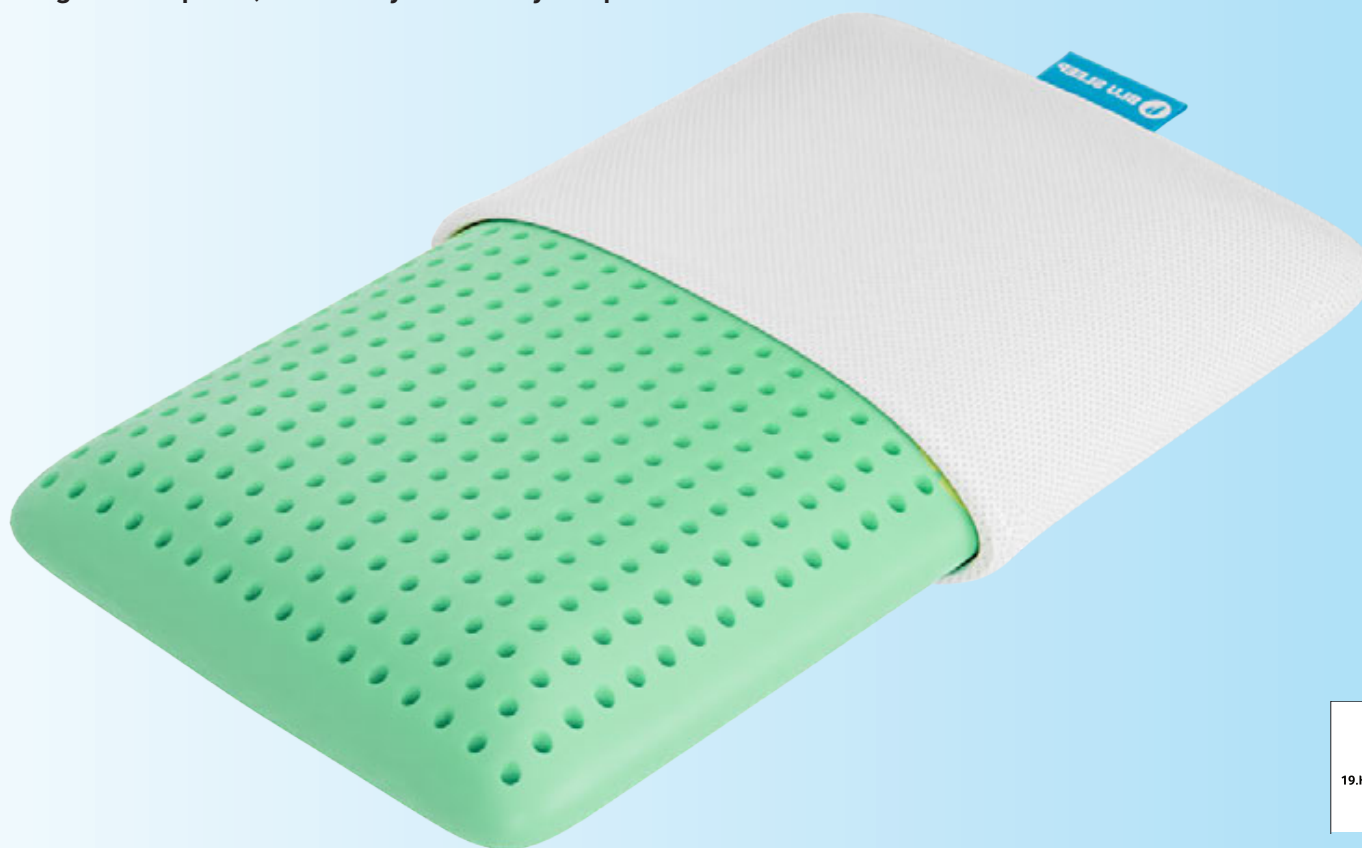

BREATHABLE FOAM

# BIO ALOE

## ALOE INFUSED MEMORY FOAM PILLOW

Our Bio Aloe is infused with soothing Aloe for a beautiful sleep. The plush feel of the Bio Aloe pillow also supports your head/neck and reduces pressure points while the Cool & Cozy cover keeps the temperature down while the ventilation holes keep the air flowing throughout the pillow, for an easy and breezy sleep.
